License Management

Some license types require a license server running FLEXnet 11.6.1, which is provided by the MathWorks installer.

TCP/IP is required on all platforms when using a license server.

Support for Products on Operating Systems No Longer Supported

If you are enrolled in [Software Maintenance Service](#), MathWorks will respond to technical questions and provide workarounds when possible for a period of two years from the date when MathWorks ended support for an operating system. See the [platform road map](#) for more information.
